Abstract

1 The abstract paragraph should be indented 1/2 inch (3 picas) on both the left- and
2 right-hand margins. Use 10 point type, with a vertical spacing (leading) of 11 points.
3 The word **Abstract** must be centered, bold, and in point size 12. Two line spaces
4 precede the abstract. The abstract must be limited to one paragraph.

5 1 Experiments

6 As submission is double blind, refer to your own published work in the third person. That is, use “In
7 the previous work of Jones et al. [4],” not “In our previous work [4].” If you cite your other papers
8 that are not widely available (e.g., a journal paper under review), use anonymous author names in the
9 citation, e.g., an author of the form “A. Anonymous.”

11 References

12 References follow the acknowledgments. Use unnumbered first-level heading for the references. Any
13 choice of citation style is acceptable as long as you are consistent. It is permissible to reduce the
14 font size to small (9 point) when listing the references. **Note that the Reference section does not**
15 **count towards the eight pages of content that are allowed.**
